

# Members of House and Senate Convene for 116<sup>th</sup> Congress

Members of the 116<sup>th</sup> Congress were officially sworn in on January 3, 2019 and MHI's advocacy team was there to ensure strong presence for the industry during the day's festivities. Because MHI has maintained bipartisan relationships with policymakers, we have strong relationships across the political spectrum and have already begun working with the housing leaders in Congress. MHI's consistent presence on Capitol Hill and cultivation of bipartisan relationships will help ensure that manufactured housing is a key part of the 116<sup>th</sup> Congress' work to address the nation's affordable housing shortage.

Below is a list of the leadership assignments for the new Congress that are relevant to MHI's priorities. Stay tuned for future "calls to action," which provide ways for you to help bolster our efforts by engaging directly with those who represent you in Congress about manufactured housing.
